# The "New Deal" for Every Family

The Penney "NEW DEAL" has brought direct benefits to many millions of families . . . three generations of people.

These benefits . . . direct savings in money spent and the satisfaction in use which only honest merchandise provides . . . rest squarely on economies of operation passed on to the customer.

This did not take place overnight—it took time.

The national "NEW DEAL" too, may require time before each one of us feels any direct benefit. But the purpose of the program provides just that . . . better opportunities, better conditions, lower taxes.

The Penney "NEW DEAL" is in effect now. It offers values for every member of the family. It offers, too, interested, thoughtful service by store personnel who take a real interest in your needs . . . they're local people . . . your neighbors.
